

Student Case Plan

Section I.

Grade point averages will be improved as a result of the strategies and procedures employed through the ReCapturing the Vision program utilizing a comparative method of analysis. We will compare how they perform 1st and 2nd semester last year before the program, to how they perform the 1st and 2nd semester after program intervention.

You will receive a bonus if 75% or more of your students show improvement of these areas as well as surveys
